### DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

The patent has not been surrendered.

The declaration is defective because it fails to state that all of the errors corrected by the reissue arose without deceptive intent. Note that claims were added and amended after the filing of the original declaration. For any error corrected after the original filing of the reissue declaration, a supplemental declaration acknowledging that all errors arose without deceptive intent pursuant to 37 CFR 1.175(b)(1) is required (see MPEP 1414). It appears that supplemental declarations should be filed for the amendments dated 12/26/01 and 06/16/03.

The examiner also requests that the Applicant submit a PTO-1449 listing all of the prior art cited in the original patent.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
